

ETL OUTDOOR JELLY FILLED FTP CAT6A PE OUTDOOR NETWORK SHIELD CABLE

Cat6A Outdoor Jelly Filled LAN Cable

Solid CCA Conductor | PE Jacket | 23AWG | Black

Product Description

ETL Cat6 Outdoor Jelly Filled LAN Cable is designed for high-performance data transmission in harsh outdoor environments. It features a solid CCA (Copper Clad Aluminum) conductor, jelly-filled core for moisture protection, and a UV-resistant PE outer jacket, making it suitable for outdoor, underground, and duct installations.

Item	Description
Cable Type	ETL Cat6 Outdoor LAN Cable
Conductor	Solid CCA (Copper Clad Alum)
Conductor Size	23 AWG
Number of Pairs	4 Pairs (8 Cores)
Insulation Material	HDPE
Filler	Jelly Filled (Water Blocking)
Shielding	UTP (Shielded Twisted Pair)
Outer Jacket	PE (Polyethylene)
Jacket Colour	Black
Bandwidth	250 MHz
Transmission Speed	Up to 1 Gbps
Operating Temperature	-20°C to +60°C
UV Resistance	Yes
Moisture Protection	Yes
Standard Compliance	ANSI/TIA-568.2-D / ISO/IEC 11801
